international / prose / post

The Universe came into Being for Love's sake  
and for Love's sake it continues forever.

Would those that hate continue to divide, LIE,  
murder and destroy, or hope to prevail against  
the INFINITE power that saturates all existence?

Every being is Unique but related by kind.  
No one has the right to impose their views/values  
or prescribe behaviours on/for another. No one is  
above or below another - we are each Sovereign  
Beings, Equal by virtue of the fact we are All  
Created.

We observe the LAW of LOVE Only.  
widely is that known.

The LAW is LOVE -- there is no other Law!

Follow your course, Never the course of  
another. Those who lead [others] are as  
foolish as those that follow; both are enslaved  
in misery and delusion. Your Will and only  
Your Way pursue; therein lies fulfilment.

There are no Gods but man; ALL Gods  
have been created by man in texts; are not  
the created secondary to their creator?

We shine as stars and move Freely across  
a borderless earth. We reject the transparent  
Lies of murderers and thieves; so Easily  
are they known.

In Love we move and in Joy we create.

We are ONE - One Undivided, heterogeneous  
Human Family; limitless Power and Awareness  
dwells therein!

**'We are ONE'** is the salutation  
of a new age; and that Age is Now!

But for a single exception NEVER KILL another;  
the exception applies to those that would forcibly  
enslave and order you to kill others. Direct your  
weapons at those that supplied them; All wars are  
thereby eradicated.

Comrades, Brothers and Sisters, **WE are ONE**

Peace.
