## **Ecstatic Pieces**

> i'm a mess again in more ways than i care to describe. i must announce to the four corners of the world that i LUV You ...

every atom of my Being quivers as i declare it openly without reservation [Voodoo - i have no other explanation.]

i emerged briefly from your irresistible gravitational pull only to be drawn back into your vortex -black hole of my existence.

sliding down, spinning into your sea of transforming Bliss; i must surrender or risk losing my sanity, androgynous, blue-eyed God-dess.

mere proximity triggered the response, i am defeated gladly losing what is left of my identity to your sea of Ecstasy.

unglued and scattered in pieces of scintillating, quivering, light/ecstasy throughout the known and unknown universe.

i am finally vanquished completely,

finished.

and You, slayer of time and space, mute in your thundering silence, autistic God-dess only able to communicate directly to my Soul (sub-atomic rhapsodies)

i LOVE U!

now, then and Forever

We are One ...
