Voluptuous

it's the music trailing jaggedly down your cheek like a tear of joy or regret i could never tell which

moving through the depths of your strobing emotions pulsing, shimmering like an atomic jewel exploding/demolishing everything in its path blasting me across time and space from my inception to my fulfilment who are you? the queen of folly harlot of the holies thumping and shudder-ing the very ground i stand on

bring down the heavens suck up the sea and eject it all over me (again) trace the effulgence beat a rhythm through my brain

it's the music the beat the pulse the rhythm of Life
