

Dissent

there is an indescribable
satisfaction
in dissent;
opposing the most powerful
forces that exist and
observing them react
in real fear
to the small independent voices
saying NO, that's a LIE,
NO,
you are mass murderers
NOT saviours or protectors.

watching reactions
to dissenting discourse
with calculated attention,
watching agencies and information
managers (Google) monitor
your every word and attempt to
suppress your message
spells Victory for dissenters --
watching the most powerful
Corporations and Banks
squirm and writhe in unease
and wince with every pointed dart of truth,
and every arrow of justice
launched at their murdering
black hearts.

they have no idea
that every effort they make
to suppress, oppress and misrepresent
only increases the volume
-- in both senses of the word --
of the dissenting voice.

the plutocrats believe their counter-measures
are effective when in fact the opposite is true
without their futile efforts to suppress
and smother we would have given up
decades past.

with every advance we make
they grow weaker,
every new awakened person
spells doom for frauds
and liars

we have forced their hand
on numerous occasions,
with every new suicidal act or law
they implement
the tide of opinion alters in our favour
and opposition against them
increases

it is with the utmost vigour and satisfaction
we deliver our healing
and balancing message,
every corporate lie countered,
every media misrepresentation
exposed, all their manufactured 'realities'
forced to defer to Truth
and simple verifiable facts,
which we happily provide.

the purveyors of death and destruction
move closer to retribution/
JUSTICE as each day passes

their feeble attempts to stem
the growing tide of dissent
only increases the forces of opposition

every new word and dissenting act
spells victory for Truth and Justice --
we are well pleased with our efforts
and encouraged by the results;
there is no silencing
the global dissenting voice
or stopping the growing opposition
to the criminal plutocrats
and mass murderers
of our time.
