

## Visitations

Only  
at the mid of night  
till the darkest hour before dawn  
does He come  
in secret  
to steal my soul

momentarily my longing is quelled

When the moon hangs full in blackness  
Glistening skin and scented sweat, I am overtaken!

Suspended like a young lover in ecstasy I am  
transfixed by His burning lust and corundum eyes  
my quivering frame betrays my longing

Slanted lids and cloven smiles steal my soul  
and crucify my mind; helpless,  
limp, subdued, in His arms I am transported

Like a virgin dervish spinning in ecstatic bliss  
All is Lost; existence quivers  
in sympathy as  
Our souls unite in dreaded Synchrony

Hoisted and propelled through worlds of frozen fire and burning ice  
the Gods pay tribute to those who dare lay siege at heaven's gate

and storm the walls of paradise.

Listen to whispers of time swirling  
inexorably toward completion  
I am overtaken, my soul is stolen  
And with it the need to survive

I am sacrificed nightly in His arms  
and impaled by his thorny song.

Who steals my soul so easily  
His reptile eyes and agile tongue  
Find my secret treasure-rooms  
How much can a body bear?

As dawn approaches He departs like a shadow  
A phantom; my Satanic lover has filled me with  
the knowledge of all things and a cure for all of life's vexations

Days are for children's pursuits  
nights are reserved for Him  
Who dares approach the secret places  
where nymphs and satyrs frolic?

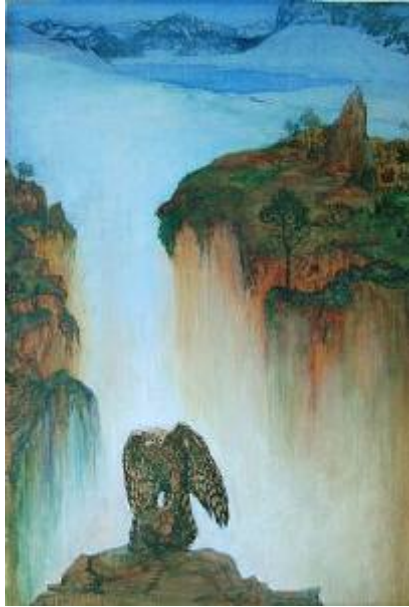

Who makes slaves of demons  
and forces Lucifer to relinquish his light?

I surrender so that I may overcome the Light --  
There is no Light without darkness to define it!

*He* haunts the dreams of Kings and beggars,  
**She** gives rise to galaxies?

What would You?
