> they will tell u it's a myth, it doesn't exist

they will exhort u, come to ur senses, get real

if u persist they will summon specialists doctors and regulators to purge truth from ur being, to instill fear

maintain ur position

hold fast to ur station never waver, fight for what u know is right

u belong to the invincible, an irresistible army, a global force

it is they that fear you they go to great lengths to divide and separate u from each other ur common ground, ur seat of power

they would kill u (first) if u refuse to leave the ranks of that which would see them eradicated

hold fast, together you are

Invincible
