

There to See

That is not an Aorta (use zoom)

i look at u
u look
at me
do u see
what i see?

there is nothing
there to see!
but do u see
what i see?

i turn,
u look at me
turning,
do u not see?

u look
but do not see
(me turning)

what is there to see?

u lift ur head
arch ur back
and reveal
ur naked crotch

i look
at ur eyes and see,
do u see
what i see?

u move ur naked
thighs closer
i look past ur shoulder,
do u see
what i see?

u see
that i do not see
what u want
me to see
u push me down
straddle my chest
and push ur cunt
in my face
but u do not see
what i see
