That is not an Aorta (use zoom)

i look at u
u look
at me
do u see
what i see?

there is nothing there to see! but do u see what i see?

i turn,u look at meturning,do u not see?

u look but do not see (me turning) what is there to see?

u lift ur head arch ur back and reveal ur naked crotch

i look
at ur eyes and see,
do u see
what i see?

u move ur naked thighs closer i look past ur shoulder, do u see what i see?

u see
that i do not see
what u want
me to see
u push me down
straddle my chest
and push ur cunt
in my face
but u do not see
what i see
