Heart Sutra

The Dalai Fraud

“coursing” in the Void
the Bodhisattva
withdrew himself from
ineffable bliss
to save humanity -- huh!
what is wrong with
that picture?

that is what finally
did it for me and
Buddhism
i mean, fair fuckin’ go
who would forego
eternal bliss for a lost
species of reprobates
murderers
thieves
and every other flawed
and perverse tendency
you care to name --
humanity suffers from them
all.

a job well done, humankind;
there is no species

in this universe that matches
the perversity of man

am i now supposed
to believe that an enlightened
being would steep so low
into the sewers of existence
to assist a bunch of maggots
and i'm no misanthrope?

i'm not buying it,
Buddhism is a fraud,
a croc -- take a look
at the Dalai fraud for Christ's sake
a simple Buddhist monk, my arse
a CIA lackey and roaming political agitator
more likely
and of course we know there is no
politics in the void, Mr Dalai croc

the sutra should go something like this:

*in the space between
seen and unseen,
declaration and contradiction
the unpolluted, streams
uninterrupted
imperturbable
impervious to every
attempt to despoil
and pollute it*

*it streams
and is the delight
of innumerable Buddhas
from innumerable worlds*

*streaming light
and the coursing
are undifferentiated
inviolable
absolute
knowledge
Being
continuous
Perfect*

you see,
humanity is not an aberration
it is non-existent
a product of a demon

dreaming of ways to offend
the Gods
and what better way than
to create humanity
and pollute an entire realm
with its perverse presence
