1. Doubt

*[there is no greater folly than to doubt
oneself -- the purity, truth and integrity
of innocence is slaughtered by doubt.*

*what greater crime could be perpetrated
on oneself than to deny the integrity of
Self?]*

2. Ignorance

*[ignorance arises when the connection
to all knowledge is severed by the compromise
of integrity and the truth of our unique existence
in universal Creation.]*

3. Fear

*[fear arises from doubt, Self denial
and ignorance; no longer anchored on the rock
of universal truth
-- the reality of one's creation/existence in the continuum --
we begin to fear as we become subject to external,
perverse forces.]*

3. Restriction

*[the result of fear is restriction, the worst kind,
a self-imposed prison.*

*what was once free flowing continuity
becomes stagnant, contained in an impregnable jail;
within that jail a padlocked cell
imprisons those that compromise themselves
-- though the key to the padlock
remains in the hand of the imprisoned!]*

4. Slavery

*[when personal sovereignty is lost, slavery ensues.]
what was once noble is now worthless,*

*would a King or Queen forfeit their crowns and become beggars,
dogs and eaters of excrement? Every man and every woman
is a star, unique in the heavens -- where is the integrity of
your existence?]*

5. Agony

*[the more you compromise Self, the wider the chasm
between you and the exquisite peace and joy of
un-compromised existence/Truth. The bliss we inherit
from the joy our unique creation is lost, it has been traded
for a LIE, a monstrous perversity (culture) -- the price we pay for
our folly and discord is pain and suffering, the extent and
duration of which is measured by the degree of separation from
Self/Harmony.]*

6. Hopelessness

*[hopelessness is the reward for Self-betrayal
and discord;
we now exist as dogs, slaves to external perverse forces
which delight in our misery so continue in their horrid
abuse of the foolish and ignorant.]*

7. World

*[the seventh hell is the reality we create as perverse beings;
nothing good ever issued from something bad and rotten.*

*our reality is the world we live in today --
and what a sorry social reality/Hell that is!]*
