### 1. Doubt

*[there is no greater folly than to doubt oneself -- the purity, truth and integrity of innocence is slaughtered by doubt.*

*what greater crime could be perpetrated on oneself than to deny the integrity of Self?]*

### 2. Ignorance

*[ignorance arises when the connection to all knowledge is severed by the compromise of integrity and the truth of our unique existence in universal Creation.]*

### 3. Fear

*[fear arises from doubt, Self denial and ignorance; no longer anchored on the rock of universal truth -- the reality of one's creation/existence in the continuum -- we begin to fear as we become subject to external, perverse forces.]*

### 3. Restriction

*[the result of fear is restriction, the worst kind, a self-imposed prison.*

*what was once free flowing continuity becomes stagnant, contained in an impregnable jail; within that jail a padlocked cell imprisons those that compromise themselves -- though the key to the padlock remains in the hand of the imprisoned!]*

### 4. Slavery

*[when personal sovereignty is lost, slavery ensues.] what was once noble is now worthless,*

would a King or Queen forfeit their crowns and become beggars,  
dogs and eaters of excrement? Every man and every woman  
is a star, unique in the heavens -- where is the integrity of  
your existence?]

### **5. Agony**

*[the more you compromise Self, the wider the chasm  
between you and the exquisite peace and joy of  
un-compromised existence/Truth. The bliss we inherit  
from the joy our unique creation is lost, it has been traded  
for a LIE, a monstrous perversity (culture) -- the price we pay for  
our folly and discord is pain and suffering, the extent and  
duration of which is measured by the degree of separation from  
Self/Harmony.]*

### **6. Hopelessness**

*[hopelessness is the reward for Self-betrayal  
and discord;  
we now exist as dogs, slaves to external perverse forces  
which delight in our misery so continue in their horrid  
abuse of the foolish and ignorant.]*

### **7. World**

*[the seventh hell is the reality we create as perverse beings;  
nothing good ever issued from something bad and rotten.*

*our reality is the world we live in today --  
and what a sorry social reality/Hell that is!]*
