

## Lake

by ryall via jane - Jungle Drum Newswire *Sunday, Jan 17 2016, 1:55am*  
international / poetry / post

frost freezes the surface of the lake  
green banks  
now covered in snow  
allow no colour  
but pure white  
and the translucency of ice

yet beneath the ice  
liquid warmer water  
resists solidification  
and nurtures all manner  
of life  
waiting patiently  
for colour  
to overcome the sterile  
whiteness
