

## Sequence

so many, too many,  
i've lost count of the words  
like drops that rain

every word that finds  
its way into a word-chain  
that weaves into a poem  
seems to become more  
than its prosaic meaning

at times it's almost mystical  
sacred, holy -- the process,  
yet walking in a forest  
a fallen leaf,  
its reaching veins, shape  
and textured geometric surface  
reduce all the words ever written  
to the drivel of a simpleton

the flower of life makes a mockery  
of the greatest poems,  
the lyricism of the Fibonacci sequence --  
stunning in its mathematical simplicity  
belittles limited words

music is superior to text as it lifts  
and elevates the soul effortlessly  
it does not need to engage  
the troubled mind

only a famous drunken poet  
would rage into the warm

quiet of the night
