

## The Bleating

again we hear the same pathetic  
utterances from men that know, though  
they thrash at branches and leaves  
having no effect except self-exhaustion,  
when will they ever learn?

the world including the consciousness  
of the masses is captured and shaped by  
false information presented as 'truth,' fiction is  
the currency of media-whores and politicians

if a shred of integrity existed in this group  
the vile forces they serve would be devoid  
of (monetary) power and the influence  
it wields

the world would run from its present nihilistic course  
and embrace harmony and peace  
as the obvious and only viable options for survival  
but it cannot be, as timid, passive slaves continue to tremble in  
superimposed fears that infects cultural consciousness and is  
eventually expressed as apathy, helplessness and infantilism

the law is a plaything of the mega-wealthy elites,  
they wield it according to their needs,  
the deafening scream of money silences  
justice while the masses continue to be robbed  
of their fair share always struggling just to survive,  
debt-chains are indeed stronger than steel chains

yet i hear the dim bleating of the aware that offer no solutions  
always re-presenting what we already know, the cause of injustice,  
criminal wars, and the massive human devastation which provides  
profits for elites

the current buffoon thinks himself proud that he has 'struck a deal'  
with the criminal Saudis, \$150b in weapons sales  
that are utilised to support all extremist proxy fighting groups  
that America utilises in its illegal wars,  
how very transparent is the cover

consider the depth and implications of this sale,

America prints worthless paper dollars  
which the Saudis accrue from oil sales to the US  
then that same worthless currency is returned  
to the US as payment for weapons of destruction, tho the 'value'  
of the medium of exchange is zero -

the process is a mad dog chasing its tail,  
continually running circles,  
and the masses are expected to believe  
that the dollar and lies have value -  
spinning money/lies on a carnival wheel invests NO value  
tho it is an exercise in mutual masturbation,  
a favourite practice of elites

the entire game is a destructive farce easily seen and eliminated  
but slaves are taught to accept it and so  
our path to ruin continues for want of another game  
to play and 'believe in'
