

## So Quiet

It's ...

So ...

Quiet ...

So nice not hear anything at all

Don't whisper

I understand

Pure as the spring rain

as it sings its own song

Just listen

So

close we can feel it

embracing us,

Feel it

Outside,

my ears quiet as death

but loud as life

within my heart

That small fire burns

Plays with grace,

Plays a tune, hard as a wall

Nothing at all matters now

Just don't break this silence

So

I can rest a bit more
