

## So Quiet

It's ...  
So ...  
Quiet ...

So nice not hear anything at all  
Don't whisper  
I understand

Pure as the spring rain  
as it sings its own song  
Just listen

So  
close we can feel it  
embracing us,  
Feel it

Outside,  
my ears quiet as death  
but loud as life  
within my heart

That small fire burns  
Plays with grace,  
Plays a tune, hard as a wall  
Nothing at all matters now

Just don't break this silence  
So  
I can rest a bit more
