black fire drapes ur face  
and flows down ur neck  
like a suspended rolling sea,  
it consumes every particle  
of my being,  
willingly offered

riding your back,  
gallop and prance like the wildness u are --  
flashing black eyes that burn thru me  
paralysing my volition

i could never be moved  
from my stronghold until u entered  
my sphere, temptress, pythoness  
coiling around my spine  
rising, whipping my brain  
in ecstasy

flying,  
one leg kicking high  
exposing ur naked jeweled vulva,  
moisture running down ur thighs  
and up my spine  
like mighty rivers

embraced,  
twirling like intoxicated dervishes  
until the fluid fire fuses two souls into one  
quivering in unbearable delight  
more intoxicating than the ambrosia  
consumed by gods  
that kneel before us

spinning,  
dragging universes into our orb  
until light is unable to escape --  
devoured,  
ur blackness devours everything

drowning in ur dark fire  
until a shimmer begins to

move in me and spurt white light  
so bright it consumes ur blackness  
one alternating with the other  
until all is gained and lost simultaneously  
my (nuclear) Himalayan yogini
