Sojourn

by noralene via sylph - Jungle Drum Newswire *Saturday, Jan 6 2018, 6:47am* international / poetry / post

from the void a spark of light emerges darting, moving, floating

the dark, still waters of a lake reflect the moon perfectly but the spark is self-illumined

it meanders on its indeterminable course feeling/tasting every space it enters until it finds a home to shine forever in your heart

it must return to the void from which it sprang, but this time taking you with it

light shines perpetually, darkness is a temporary veil to protect eyes unused to light

all things return to their source as they must

it is raining in my garden, refreshing perfumed flowers and fruit-bearing trees

so many souls returning home, captured unawares

my love is spinning threads of light from a loom of rainbows waiting patiently for my return
