Interrupted

while grappling with existence a knock rudely interrupted my possible victory, damn it!

it was you, rejection doesn't seem to affect you, so i stepped aside while she rolled in pissed as a fart

take it easy, don't bring me down

no, no, i have reformed

tho i would have preferred transformed, while she plonked literally on the sofa

well, what is it this time, u've already exhausted all the female wiles?

i love u and can't stay away, she said, spreading her knees revealing her lust -this definitely was not love, more like an alley cat arching its back offering itself

cross ur legs it won't work

with that she sprang from the sofa into my arms without falling over

amazed, i held her tho it became apparent that she was acting more pissed than she was

ok, take it easy, the last time u were here u wrecked the place in a fit of rage

no, no, i truly am reformed

that bloody word again

well good on you

so what do u intend to do with ur new reformed self?

fuck you, now!

but there's nothing new in that, i responded, while her crotch was sliding up and down on my thigh

release me u maniac, it won't work

oblivious to my comment she dropped on her knees and began sucking my cock, easily accessed thru my night gown

for christ's sake, does anything penetrate that head of urs, it won't work, do u understand? while my phallus began to react -- that damn traitorous appendage

look, don't imagine ur tricks are working, a man has two heads but only one has a brain the other only mindlessly reacts

she could only respond in gags, she was desperate

faced with this predicament what would you?

ok, one last time -- how many times have i said that!

another disastrous future was in the making and to think, i had almost beaten existence until that bloody knock, tho i had an ace up my sleeve

i was only putting her on to keep her keen -so, until we grapple again, existence
